

KENTUCKY ENGINEERING CENTER

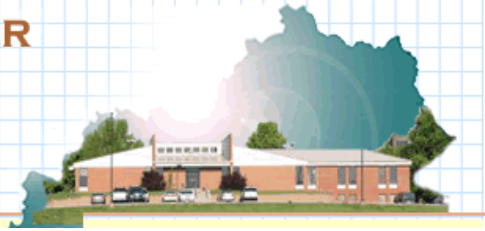

Kentucky Society of Professional Engineers

American Council of Engineering Companies of Kentucky

Kentucky Engineering Foundation

Date: April 27, 2010 **Traffic Management Plan Training**
Jenny Wiley State Resort Park

8:00 a.m. to 5:00 p.m.
Eastern time Zone

Presentation Abstract

Description: This one day training course provides participants with awareness, guidance, and training for the design and development of work zone traffic management plans. Details of the Kentucky Transportation Cabinet's *Policy and Procedures for Safety and Mobility Through Work Zones* will be addressed including significant project requirements, temporary traffic control plans, public information, user cost, and queue length considerations.

Background: In May 2007, the Kentucky Transportation Cabinet (KYTC) defined its policy and procedures for safety and mobility of traffic through work zones. As directed in the policy and subject to KYTC's Design Memorandum No. 01-07, **this training is required** for all project designers involved with developments of transportation management and traffic control details on projects for KYTC.

Participants: This course is intended for project managers, designers, traffic engineering specialists, maintenance engineers, construction engineers, or anyone who may be involved with the development of transportation management plans and or temporary traffic control plans that would be included with the plans, specifications, and proposals on KYTC projects. **This course is required for designers, project managers, or others who develop and design traffic management plans.**

Instructors: Rob Martin, PE, QK4, Bart Bryant, KYTC District 9, Paul Looney, PE., Andrea Clifford, District 5 PIO, and Mark Brown.

INFORMATION

Fees for

KSPE/ACEC-KY/SAME/KYTC—\$400.00
Non-members— \$600.00

Location: Jenny Wiley State Resort Park
75 Theatre Road
Prestonsburg, KY 41653

Contact Hours for PDH/CPD = 8
